LIABILITY STATEMENT

ABF Fabrication accessories are engineered to best fit customer ATV/UTV's in stock condition. cutting, grinding, or modifying any original, or aftermarket, accessories will void any warranty offered by ABF fabrication and is not suggested. ABF Fabrication accessories could have fitment issues with other aftermarket accessories. If Customer has aftermarket accessories on vehicle, contact ABF Fabrication to ensure that all accessories will be compatible.

Customer should be aware that installing suspension accessories, wheels and tires, axles or other components may change the behavior of the vehicle and may require more frequent maintenance and part wear. Operating any off-road vehicle while, or after, consuming alcohol and/or drugs increases risk of bodily harm or death. No warranty or representation is made as to this accessories ability to protect customer from severe injury or death. ABF Fabrication urges operators and passengers to always wear a helmet and appropriate riding gear.

By purchasing and installing ABF Fabrication accessories, customer agrees that should any damages occur, ABF Fabrication will not be held responsible for repair fees, replacement parts, and shipping costs. ABF Fabrication, nor any 3rd party, will not be held responsible for any direct, indirect, incidental, special, or consequential damages that result from any accessories purchased from ABF Fabrication. The total liability of ABF Fabrication to customer for all damages, losses, and causes of action, if any, is not to exceed the total purchase price paid for the accessories that gave rise to the claim.

ABF Fabrication will warranty only accessories purchased from ABF Fabrication. Any damages or issues arising with OEM parts or other manufacturers accessories will not be covered by ABF Fabrication. ABF Fabrication accessories are not warranted if accessory was installed incorrectly, misused, or changed in any way.

Installation

1. Remove the OEM grill by pulling straight out. It is attached to the front fascia with clips. Two at the top and two at the bottom.
2. Remove the two T27 screws at the bottom of the grill opening. You will re-use these to mount the new ABF front grill.
3. Install the ABF front grill. Install the lower OEM T27 screws into the lower mounting holes. **DO NOT TIGHTEN. NOTE...** You may need to bow the top center of the grill a little if you have the OEM front camera.
4. Align the top mounting tabs so that the front edge of the tab is even with the radius on the OEM front plastic, mark your hole location and install the mounting screws. **FIG 1.** You may drill a pilot hole with a 1/16" drill bit to make installing the screws easier. Do not over tighten.
5. Tighten the lower T27 screws and now your install is complete. **FIG 2**
